We are committed to preventing pollution and to complying with all relevant environmental legislation, regulations and other environmental requests.

We will regularly evaluate the environmental impact of our activities , products and services and we will take action to continually improve our environmental performance.

It is our policy to :

- Minimise the use of energy ,water and natural resources.
- Minimise waste through prevention, re-use and recycling where possible.
- Dispose of waste safely and legally.
- Avoid the use of hazardous materials , where practical.
- Work with environmentally responsible suppliers.
- Prevent environmental damage and minimize nuisance factors such as noise and pollution.

We will define environmental objectives , targets and improvement actions that are related to this policy where possible.

We are committed to providing relevant environmental training and promoting environmental awareness to employees and , where appropriate , to suppliers and to communicating our environmental performance.

We will implement processes to prevent environmental non conformances and to ensure we are prepared to deal with potential environmental emergencies.

The policy will be regularly reviewed and updated to take account of organizational priorities and changes , environmental legislation and best practice.
